REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art does not provide for, nor suggest providing for operating a software control agent which selects a queue among a plurality of queues each with an individual scheme for prioritizing jobs which migrates the software control agent by a system administrator by stopping new job requests, finishing pending requests, flushing process requests, instantiating a new agent with the data from the state storage system by the agent, notifying the other agents of the migration, and then notifying the clients of the new location. The different queues are asynchronous queues, synchronous queues, and exclusive queues. For these reasons, in conjunction with the other limitations of the independent claims, render this case in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph E. Avellino whose telephone number is (571) 272-3905. The examiner can normally be reached on Monday-Friday 7:00-4:00.
